

DECLARATION

about

brass chrome plated fittings belonging to

Series 5000T CROMO

FRA.BO SPA

Via Cadorna 30

25027 Quinzano D'Oglio (BS) - ITALY

DECLARES

that the brass chrome plated fittings belonging to **Serie 5000T CROMO** are made in ITALY using the best available technology.

All the fittings are produced properly using brass that comply the provisions of the standard EN 12164 (CW614N) for the lathed items and EN12165 (CW617N) for hot forged items.

The threads of each fitting meet the requirements of the standard ISO7.

The range of the admissible operating temperature is -35°C - $+200^{\circ}\text{C}$ with a maximum operating pressure of 30 bars

All the fittings are suitable for the installation of pipelines conveying hot and cold water and for gas systems realized according to the requirements of the standard EN1775.
